Harvey,

Can you work with Linda/Pat/Nigel/Kory to ship the D205-596-101 Fwd Crosstube (B44268) and the K10004 Saddle Kit (B81668) to Wildcat in Kelowna as soon as possible this week. If you recall, these parts were shipped to Calgary for the flight test and are still at Eagle. The D412-596-203 Aft Crosstube (B100654) was returned to Hawkesbury for finishing.

You will need to get Linda to ship you new hardware for the K10004 and make sure that the crosstubes and saddles are not damaged. Pat Smith will need to supply the proper QA paperwork and we need to ensure these batch numbers are properly shipped out of Intuitive.

This is all to avoid the expense of shipping these parts back and forth across the country from Calgary to Hawkesbury and then Kelowna to satisfy items 1 and 2 of the attached PO from Wildcat, but if it gets too complicated, then we may just have to ship the parts back to Hawkesbury before they go to Kelowna.

Hope this all makes sense.

Regards,
David
